THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE TO FREEDOM PUBLICATION.

May 10th. 1959. VOL. 8. NO. 6.

Beloved chelas serving Us so faithfully:

I want you to remember that Those Members of the Spiritual Hierarchy Who have chosen voluntarily to remain in touch with the Earth and the evolution of Her people expand a thousand-fold in Cosmic evolution in comparison with Those Divine Beings Who enter Nirvana and do not have the constant demands of the human race which require Them to make greater application in developing evolutionary powers so that They can fill the respective requirements of the Cosmic Hour! So also the unascended individual who takes the responsibility of the care, guidance and protection of other human beings, such as a parent, guardian or teacher of a member of the human race, in his consecrated service, evolves more rapidly than the one who proceeds through life with only his own individual vehicles to account for.

A group of worthy chelas who are sincere in their desire to serve the Cause of Good are a most powerful impelling force in the unfoldment of the Spiritual Nature of Their Divine Teachers. While they are the recipients of the knowledge, understanding and radiation of the Teacher, the Cosmic Law, in balance, by reason of their drawing forth of His Substance, Energy and Strength causes the Teacher's Inner Nature to reach up to His Source God "The I AM" Presence for the Spiritual Food by which to feed them. In this upward reaching the Divine Nature and Inner Vehicles of the Teacher expand much more rapidly than if there were no call made upon Him. As an arm or a leg develops extra strength when it is forced (through innate love) by the weakness of another member of the physical body to carry an unusual load, so does the responsibility that the Divine Teacher carries force His Inner Nature upward towards Its Source, thus developing more strength, Light and Illumination.

The Teacher is always blessed by His giving, in receiving ten to twelve-fold the blessings He imparts to others. The Great Law of Balance and Love ever rewards those who assume responsibility in furthering the Cause of Light and of The Ascended Masters' Service on this Earth (in no matter how small a scale) for Love's sake.

You, friends of My Heart, through your loving acceptance and assimilation of these humble but instructive words of Mine, have afforded Me an opportunity to grow and expand, and all the Energy which has come to you willingly from My Heart has increased My capacity to serve the Universe of all created beings.

Love and Blessings

MAHA CHOHAN.
